

Accountability/Commitment to Accomplishment (District Accountability/School Accountability Committee)

The Board accepts its ultimate responsibility for the academic accomplishments of district students. Consistent with this responsibility and as required by law, the Board shall adopt and maintain an accountability program to measure the adequacy and efficiency of the educational program.

Because the district has fewer than 1,000 enrolled students, the Board has determined that it is in the best interests of the district to have one committee serve the purposes of the district accountability committee and the school accountability committee. The Board shall appoint members to the committee. The committee shall have those powers and duties prescribed by state law. The Board and committee shall, at least annually, cooperatively determine the areas and issues, in addition to budget issues, that the committee shall study and the issues on which it may make recommendations to the Board.

All district accountability committee meetings shall be open to the public. Meeting notices shall be posted in the same place and manner as notices of Board meetings.
